29/10/2024

The mock presentation date. All team members were present, everyone presented and showcased their parts. Mam was unhappy with certain things about the website from Shivek, Shivaar and Maheshen. The website was too plain. Shikhar and Kaydan decided to restart the whole website and code from Tuesday to Sunday, Both had sleepless nights due to trying to finish the website, wireframes, colour scheme and new speeches before the presentation day on the 05/11/2024. Shikhar and Kaydan managed to turn in a well structured and presentable website that met the criteria for the presentation.
